

Deputy Director of Care

- **Quality and clinical service delivery focus**
- **Dementia specific experience**
- **Location – Springwood**

As part of the Western Region of UnitingCare Ageing NSW.ACT, Springwood Village is an innovative and integrated community centre on ageing which delivers comprehensive and holistic high quality aged and community care services. An exciting opportunity exists for a DDOC to be part of this.

Working closely with and reporting to the DOC of this 134 bed facility, your primary objective will be to act as a clinical consultant for nursing care matters, overseeing staff and services provided and relieving in the absence of the DOC.

You possess strong communication, relationship management and team building skills as well as experience in quality, education and improving client outcomes in the residential aged care sector. You will have a current NSW Nurse Registration and a commitment to UnitingCare Ageing's mission, vision and values. Computer literacy is important.

This is an excellent career opportunity and an attractive salary package will be negotiated with the successful applicant.

For more information or a confidential chat please phone **Pippa Lord** on **0400 642 808**. Alternatively you can email your resume to **pippa@leanast.com.au** before 16th March, 2009.
